# LOKI

# DISTINCTIVE FEATURES AND CLEAN LINES

The LOKI line derives from DAN DRYER's established design tradition where design, functionality and quality go hand in hand.

The vision has been to create a beautiful and functional design, which complements the surrounding architecture. To ensure this, the design is characterized by clean lines and shapes that harmonize with the surrounding architectural elements such as windows, doors, and wall surfaces.

Repetition as a key word in this award-winning product line. The characteristic line on the case front ties together the product line and creates harmony when LOKI products are displayed side by side.

LOKI IS AVAILABLE IN
