

# Stainless Design Waste Bin 292

30 l capacity  
Soft closing flap lid  
2-year warranty

Sturdy waste bin with a capacity of 30 l. Featuring a flap lid with integrated damper for gentle lowering of the lid. Inner bucket in stainless steel. Stainless Design is a complete product line for commercial toilets, in which quality and aesthetics are paramount. The entire stainless product line is made of strong quality materials, featuring unique design with a beautifully arched housing in brushed stainless steel.

## Application

This waste bin is ideal for all toilet rooms. The Stainless Design product line combines hygiene and durability with classic elegance to suit any commercial bathroom. The products are designed specifically for use in public toilets where low-maintenance is called for, and equipment must be able to withstand rough treatment.
