

Warm-air Hand Dryer TURBO 244

IR sensor

Powerful high-speed hand dryer

5-year warranty

The DAN DRYER® TURBO is a small, fast and elegant hand dryer with commutator motor with motor carbon brushes. The fast dry time of only 10-15 seconds makes it a popular choice in many public areas.

Application

Article 244 with an extended nozzle is mainly installed as a build-in behind mirrors or a cabinet. The user visualizes easily where to direct hands for an efficient hand drying.
